Product Bulletin for
LED Sensor Guide Light Series

Introducing the Decora® LED Sensor Guide Light Series

Our new LED Sensor Guide Light Series unites Leviton's quality Decora wiring devices with energy-saving LED Guide Lights for a smart combination. The Sensor LEDs turn ON and OFF automatically and offer long life expectancy, with no bulbs to replace. They're available in Switch/Guide Light or Tamper-Resistant Receptacle/Guide Light combinations, as well as a full LED Guide Light version that's perfect for hallways or stairways. Designed to our highest standards, the space-saving devices are an attractive addition to any room or area that requires extra illumination.

Applications

- Space-saving combination devices for residential installations
- LED Sensor Guide Lights ensure tamper-free lighting
- Tamper-Resistant Receptacle/Guide Light meets the 2008 NEC® code, Article 406.11
- Ideal in bedrooms, kitchens, bathrooms and hallways

Features and Benefits:

All Devices

- Impact-resistant face and body
- Long-lasting energy-efficient LED — no bulbs to replace
- Light sensor provides automatic ON/OFF features
- Self grounding clip
- Fit in standard wall boxes
- Coordinate with complete line of Decora devices
- Can be side or back wired
- Available in White, Ivory, Almond or Light Almond

Tamper-Resistant Receptacle/Guide Light

- Two LED Guide Lights use less than 1 watt
- Shutter mechanism inside the receptacle blocks access to the contacts unless a two-prong plug is inserted, helping ensure foreign objects will be locked out
- Complies with Article 406.11 of the 2008 NEC Code

Combination Switch/Guide Light

- Two LED Guide Lights use less than 1 watt
- Single Pole

Full LED Guide Light

- Three LED Guide Lights use less than 1 watt
- Increases safety in the dark

Agency Standards:

- UL Listed (File # E-13399, E-7458, E-327100)
- CSA Certified (File # LR-152105)
- NOM Certified 057
