Gigabit PoE Injector

0E-15WPOEINJ

Use PoE Injector with PD (Powered Device) to expand your network connectivity to areas where there are no power outlets. The idea is to power up IP devices utilizing single ethernet cable providing data transfer & power supply.

- Full IEEE 802.3af Compliant

- Supports PoE Power up to 15.4 watts for PoE port

- Supports 10/100/1000Base-T Applications

- LED Indicators for Power Input and PoE Output

- Internal Power Supply

- Corresponding Power Cord Included

- Easy Set-up: Plug and Play

- Warranty : 36 Months

PART #   : 0E-15WPOEINJ

UPC   : 840049303379

Input Vlotage: 100-240VAC
Output Power: 54VDC 15.4W
Dimension: 4 45/64" x 2" x 1 26/64"
            121mm x 50mm x 36mm
Weight   : 0.66 lb
             0.30 kg

Product Certification:

CE FC RoHS COMPLIANT W BOX TECHNOLOGIES
