Wired Clocks

Valcom's wired analog clocks are available in 12-inch or 16-inch diameters, feature round metal cases with shatter-proof polycarbonate crystals and are lightweight and durable. Wired analog clocks are compliant with a variety of industry standard correction protocols.

Valcom's wired digital clocks are available with 2.5-inch or 4-inch easy-to-read 4 digit displays. Each time piece offers proven time-keeping accuracy and reliability.

Optionally, wired clocks may be digitally corrected every second. Valcom's synchronized wired Clocks are ideal for schools, universities, offices, government agencies, healthcare, manufacturing and transportation facilities.

Wired Clock are compliant with a variety of industry standard correction protocols..
