Hi-Speed USB Active Extension Cable
Daisy-Chainable, A Male / A Female, 5 m (16 ft.)
Part No.: 519779

EAN-13: 0766623519779 | UPC: 766623519779

Easily overcome distance limitations to connect USB devices.

Use the MANHATTAN Hi-Speed USB Active Cable to connect a computer USB port to a USB device almost anywhere in the room. Up to three, daisy-chainable cable extensions provides a convenient, 15 m (50 ft.) connection. MANHATTAN Hi-Speed USB Active Cable with built-it repeater is fully-compliant with USB 1.1 and Hi-Speed USB specifications to help devices operate at maximum performance. Plug and Play capability, Windows7/8/Macintosh versatility and no external power or driver requirements help provide greater flexibility in computer and peripheral placement and office layout.

Features:

- Extends and boosts the signal to any USB device – supports data transfer speeds up to 480 Mbps
- Built-in repeater helps maintain Hi-Speed USB signal quality, electrical and timing specifications
- Overcomes the 5 m (16 ft.) USB distance limitation – ideal for connecting enclosures and other peripherals
- Daisy-chain up to three extensions for total distance of 15 m (50 ft.)
- Plug and Play; Windows7/8 and Mac compatible – bus-powered requires no external power supply
- Three-Year Warranty
