| Mounting: | Surface mounts surrounding the AT700AS Video-Intercom Door Entry Station. (Mounting screws not provided) |

AT700AH RAIN HOOD FOR AT700AS DOOR STATION

The AT700AH Rain Hood provides extra protection for the AT700AS door entry stations, by shielding the station(s) from the extremes of weather. The extended hood protects rain or ice from penetrating the speaker and microphone, keeping excessive moisture off of the station(s).

The Rain Hood(s) should be used when installing the AT700AS remote station(s) outdoors. The Rain Hood is made of cold rolled steel, which provides excellent corrosion resistance and strength. The Rain Hood is powder coated in a Silver color exterior paint.

FEATURES

- Fabricated from Cold Rolled Steel
- Power Coated Silver painted
- Simple to Install
- Weather-Resistant for Outdoor Use

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The Protective Rain Hood(s) shall be Alpha Communications® AlphaTouch™ model AT700AH or approved equivalent. The rain hood shall be 5.25" W x 13.00" H x 2.75" D and shall be used with the AT700AS Video-Intercom Door Entry station(s).

The rain hood shall be made of cold rolled steel and powder coated in a Silver exterior painted finish.

Contractor shall observe all local and national electrical and building codes.
