

The **Yard Master Plus** is an enhanced version of Elite Screens portable indoor/outdoor folding-frame screen that comes with variable height settings to accommodate larger venues. Its durable lightweight aluminum frame ensures a quick setup in just minutes. The screen incorporates a free standing design with graduating height settings to give the presenter a versatile approach to accommodating whatever event is in the works. The design features Elite's ISF certified CineWhite® UHD-B 1.3 gain front projection material. Rather than deal with the "either-or" now you can be prepared for virtually any projection scenario encountered by mobile presenters and event coordinators.

Screen Material

- CineWhite® UHD-B 1.3 Gain front projection material
- 180° wide-viewing angle
- ISF Certified for Accurate color points, Dynamic Range, and Color Temperature
- Black material backing eliminates light penetration for superior color reproduction
- 4K Ultra HD, Active 3D, and HDR Ready
- Black masking borders enhance picture contrast
- Optional Rear Projection Material available (**sold separately**)
- Available in diagonal sizes 100", 120", 135", 145", 180" and 200" in 16:9 format.

Design & Operation

- Strong, lightweight collapsible frame with detachable T-legs included
- Easy setup and teardown design with no tools required
- Sealed edge detachable frame design with material snap button attachments
- Corner pull-tabs on material for an easy installation
- Stakes, rope, and support rings included for stability
- 135" and above models come with AT legs for additional support
- Carrying bag included fits entire product for protection and portability (wheeled carrying bag for 180"/200" models)

Quality & Reliability

- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens, an ISO9001 manufacturer since 2004
- Lifetime Tech Support by Elite's Professional Service Team through Email, Web Chat or Toll Free Phone Call
