

Product Specifications

3/16" x 1-1/4" Pan Head Phillips Wall Dog Anchor Kit

Part number WDOG
Category number 4731
UPC 781002313953

The Wall-Dog is an all steel, single piece screw anchor manufactured with high-profile threads for universal applications. Due to its unique, deep cutting thread design it can be used for fastening objects into wallboard, concrete, brick, hollow or grout-filled concrete masonry, brick and plaster. When working with masonry based materials a 3/16 ANSI drill bit must be used to create a pilot hole. When fastening into wallboard or wood, no pre-drilling is required. Common applications for use include HVAC fixtures, electrical fixtures, signs, telecommunications equipment, plumbing fixtures and many more.

Physical Characteristics

Anchor Type	Wall Dog
Head Type	Pan
Thread Style	Helical
Size	3/16" x 1-1/4"
Anchor Diameter	1/4"
Anchor Length	1-1/4"
Material	AISI 1018 Carbon Steel
Finish	Zinc Plated
Number of Pieces	100
Installation	No Drilling Required for Wallboard and Plywood, Pre-Drilling Required For Concrete, Hollow or Grout Filled Block, Brick and Plaster

Performance Data

Pre-Drill Size	3/16"
Applications	Wallboard Plywood Concrete Hollow or Grout Filled Block Brick and Plaster
Special Features	All Steel Single Piece Screw Anchor, Heat Treated Point, High Profile Threads, Resists Wobble/Stripping, Can Be Removed

Packaging Details

Kit Contains	(100) Phillips Wall Dog, (1) 3/16" Carbide Tipped Drill Bit, (1) #2 Phillips Power Bit
Standard Qty	1
Master Qty	10
Price Per	1
Package Length	7.50
Package Width	3.40
Package Height	1.30
Net Weight	0.96
Package Weight	0.96
Package Type	Two Compartment Box

Certifications

RoHS Compliant	Yes
