## SAE Device Guards

Our Device Guards are designed to protect audio visuals, heat detectors, smoke detectors and a variety of other devices. Manufactured of welded steel wire construction, these durable designs are engineered to protect the vital components of building systems without interfering with the device's operation.

The SDG's universal design provides maximum strength, air flow and visibility. Select from our variety of device guards and add a custom finish to compliment interiors, and to avoid vandalism, add optional custom tamper resistant hardware. Custom hardware and finishes sold separately.

### Standard Features:

- Heavy gauge welded steel wire construction
- Durable finishes
- Installation hardware included

### Options:

- Tamper resistant hardware
- Custom finish
