

The Legrand® computer-guided manufacturing process assures that each rack meets exact dimensions, guaranteeing a self-squaring assembly. Made of top quality 6061-T6 structural grade aluminum, Legrand equipment racks provide strength and stability for years. Racks ship unassembled for efficient delivery and storage.

Features & Benefits

Durable construction Constructed of 6061-T6 structural-grade aluminum	EIA standard 3" x 1-1/4" channel uprights
#12-24 threaded EIA hole pattern Compliant to mount numerous types of 19" panels and equipment.	Easy Installation Self-squaring and self-supporting
Meets EIA-310 standards	Listed to the UL 2416 Standard for Communication Circuit Accessories
Includes 12-24 mounting screws	Equipped with standard 1/2" junctioning holes for securing multiple-rack lineup

Specifications

General Info

Color	Black	UPC Number	662875581253
Country Of Origin	United States	Product Line	Legrand
Included	Mounting Hardware	Application Sector	Commercial
Type	Rack	Standard	UL 2416

Additional Information

RoHS Conformant	Yes
-----------------	-----

Technical Information

Static Load Capacity

1000 lbs.

Rack Units

45U

Frame

Aluminum
