

## 3m Value Series LC SC 10G Duplex PVC Fiber Cable

852-L42-009

### features & benefits

Get blazing-fast 10 gigabit performance with laser-optimized multimode fiber (LOMMF) cables. Besides fully providing backward compatibility with existing 50/125 equipment, they also provide the performance headroom required to support LED and VCSEL laser light sources, and 10 gigabit ethernet applications.

### specifications

#### General Info

Cable Type: Duplex  
Color: Aqua  
Product Series: Value Series  
Type: Value Series 10G 50 Micron Fiber Cables  
Component Type: Duplex Fiber Cable

#### Cord Information

Connector Type End One: LC  
Connector Type End Two: SC
