WISENET

SWT-P-81-240
8 Port PoE+ Switch

Key Features

- Conforms to IEEE802.3, IEEE802.3u, IEEE802.3ab, IEEE802.3af, IEEE802.3at
- Provides (8) 10/100/1000Base-TX ports and (1) 10/100/1000 Uplink port
- High back-plane bandwidth 18Gbps
- IEEE802.3x Flow control
- Plug and play operation
- Surge protection for power port and data ports
- EMI standards complies with FCC, CE class B
- 2 Year Warranty

	SWT-P-81-240
Fixed Port	(8) 10/100/1000 Base-TX ports — (1) 10/100/1000 Uplink port
LED Indicators	PWR, PoE, Link/Act VLAN LED
Thermal Methods	Built-in Noiseless Fan
Switching Capacity	18G.
MAC Address Table	4K
Traffic Control	IEEE 802.3x full-duplex flow control
PoE	
PoE Port	(8) 10/100/1000 Base-TX ports
PoE Standard	IEEE802.3af, IEEE802.3at, per port 30W
ENVIRONMENTAL	
Operating Temperature	0°C~40°C - 32°F~113°F
Storage Temperature	-10°C~70°C - 14°F~158°F
Operating Humidity	10%~90% (non-condensing)
ELECTRICAL	
Input Voltage	100V~240V AC, 50/60Hz
Power Consumption	250W
MECHANICAL	
Dimensions (WxHxD)	13.5" x 1.65" x 7.2"
Weight	5.8 lbs
