

**3, 6, 9, or 12 Terabytes  
Extended Video Storage****Description:**

The Extended Video Storage device allows your system to increase its storage capability by an additional 3, 6, 9 or 12 terabytes. This storage upgrade solution can be added to the iNEX Lite recorder, iNEX Standard recorder or the XDH recorder. The maximum capacity of the Extended Storage Device is 12TB and it features eSATA high speed interface. The rack-mountable 10 metal housing and tool less design makes this device an easy addition to your system.
