Blackjack® NAS™ Rack mount models

Digital Watchdog® Offers Rack-Mountable NAS Solutions

The new Blackjack® NAS™ 8- and 16-bay models support up to 600Mpbs and complement any Blackjack® E-Rack server.

Digital Watchdog (DW™), the industry leader in digital recorders, surveillance cameras and related management software, announces the launch of 8- and 16-bay rack mountable network attached storage (NAS) solutions. The DW-BJ8NAS and DW-BJ16NAS models, the latest additions to the new Blackjack® NAS™ series, are additional storage solutions for any Blackjack® server. The NAS devices provide additional video storage for more recording days and more cameras to an existing system, while being controlled from a unified DW Spectrum® IPVMS interface.

Blackjack® NAS™ rack mount models are high-reliability network attached storage devices for Blackjack® E-Rack™ Servers. The 8- and 16-bay rack mount models act as primary or backup recording

for existing DW Spectrum® IPVMS systems. Models offer 80TB and 160TB storage with RAID5. Additional hardware features include dual or quad network ports, hot swappable HDDs and dual power supply for the 16-bay model.

Blackjack® NAS™ devices integrate easily into a Blackjack® E-Rack™ system with a total of up to 600Mbps throughput, allowing you to record and backup more days of video without the need for additional video recorders. The Blackjack® NAS™ integrates seamlessly into a DW Spectrum® IPVMS system, allowing for an instant search and data management and is backed by Digital Watchdog's unbeatable 5 year limited warranty

Additional camera features include:

- Expands recording capacity of any Blackjack® E-Rack server
- Add and manage recording for your NAS station directly from the DW Spectrum® IPVMS client software
- Seamless search via the DW Spectrum® IPVMS client, including smart motion search, spyglass and calendar search options.
- Add a NAS station to a Blackjack® E-Rack server with up to 128 cameras to quickly expand local storage and backup capacity at up to 600Mbps throughput.

- Storage options 80TB, 160TB (16-bay models) internal storage
- RAID 5
- Proprietary Linux® embedded OS
- Redundant power supply (16-bay models)
- Hot swappable drives
- Rail kit included
- 5 year limited warranty

128x Blackjack® System | **600Mbps** Max. Throughput | Hot-Swappable HDD | RAID | Dual Power Supply | **5YEAR** Warranty
