

Overview

E series enclosures are engineered to house FlexPower® power management boards in multiple configurations for maximum design flexibility. The modular mounting pattern on the back wall allows flexible positioning of FlexPower modules within the enclosure.

E series enclosures are black powdercoated steel. All enclosures come with installed door ground strap, lockset and tamper switch.

Features

- High grade steel design with lock, key and tamper switch
- Pre-punched back wall pattern accommodates all FlexPower AC or DC power supplies and accessory boards in multiple configurations
- Rear stand-offs allow field upgrading without removing cabinet from the wall via snap-in standoffs
- Removable door with quick disconnect ground strap for easy servicing
- Multiple knockouts on all four sides
