

PHYSICAL INFRASTRUCTURE

QUICK SKU FINDER

Simplified Connectivity combines our technical support services, products, and industry leading customer advocacy to create a comprehensive approach to meet all of our customers' connectivity needs. Through our efforts to simplify connectivity, we strive to provide the technical expertise which will inspire confidence before and after the sale, a simple and easy to understand product portfolio, and an effortless experience for all of our customers.

Technical Expertise

- Pre and post-sale technical support
- In-house resources to assist with any questions, concerns or issues
- 30+ years of experience in the cable industry

Straightforward Solutions

- High quality products that meet the needs of any data center

Effortless Experience

- Dedicated support through phone, email and chat
- C2G can fill orders quickly and with faster response times
- One stop shopping from desktop to data center

More Than Just Cables

Since our founding in 1984 as Cables To Go, C2G has been providing customers with connectivity solutions delivered with unparalleled service. Now as A Group brand Legrand, we are able to expand our knowledge and expertise to bring a wide assortment of racks, cabinets and Wiremold cable management solutions to the IT channel.
