**C20i's new cable management technology and intelligent charging** creates more time for teaching and less anxiety over managing devices. It's customizable, compact, and ready to charge!

### Built for 20 devices

Charge up to 20 Chromebooks, laptops, or tablets up to a 16" screen. C20i can power just about any device.

### Smooth and seamless charging

C20i's intelligent charging determines the best charge without any programming required. Devices are efficiently charged and protected from any circuit overload.

### Cleverly designed dividers

Customizable dividers make placing and pulling devices easy, comfortable, and safe. C20i allows flexible storage for classrooms managing large or mixed devices.

### Perfectly compact

C20i's small footprint provides easy storage for any classroom size. At only 27" wide, the C20i footprint leaves more learning space while managing your 1-to-1 devices.

### Headache-free cabling system

Experience simple device management with less slip-n-slide using C20i's new and cutting-edge cable technology to secure cords from slipping out of place.
