

# 1 x 11 KSU/PBX Telecom Module

363485-01

A module that can support up to 11 phone outlets for basic service, and can be upgraded for KSU/PBX service with the KSU Interface Kit (363490-01). Also supports a high-speed Cat 5e connection to one data outlet for broadband data services. 6"H x 6.5"W

## features & benefits

Features cable pair isolation and testing capability for hassle-free installations.

High-speed Cat 5e connection to a data outlet

Quick installation with the patented On-Q mounting system.

Supports optional On-Q Telecom Surge Protection Unit.

Add additional telephone outlets simply and inexpensively with the On-Q Telecom Expansion Module.

Supports most security systems by providing RJ-31x functionality through a multi-function switch and RJ45 jack.

Half-width design facilitates easy positioning in the On-Q Enclosure with other On-Q modules.

Supports up to four incoming telephone lines and distributes up to six telephone outlets with available expansion for increased capacity.

Easy, high-quality cable termination on 110-style blocks.
