

On-Q 5 inch Mounting Plate with 1.5 inch Elevation Part No. AC1050

The On-Q mounting plate, AC1050, is constructed of WiFi transparent ABS plastic and is designed to securely mount a variety of 3rd party devices into the On-Q plastic structured wiring enclosures. The mounting plate can be mounted vertically or horizontally and include (4) plungers and grommets along with velcro strapping for devices to be safely secured inside the enclosure without compromising wireless performance.

Universal mounting pattern inspired by Middle Atlantic Products Lever Lock Series provides more strapping options to accommodate most small devices and facilitate cable management.

Features & Benefits

- Tool-free mounting in vertical or horizontal configurations
- Elevated design allows for dual-layer and unobstructed mounting of antenna devices
- Includes (4) plungers and grommets and 3 feet of hook and loop strapping
- Compatible with On-Q plastic enclosures
