Kasa Smart Wi-Fi Power Strip, 6-Outlet

HS300

×6 Individual Control	Control from Anywhere	Scheduling	Surge Protection	Energy Monitoring	No Hub Required

Hightlights

Independent Control

With independent control of six devices and extra USB ports to charge three others, the Kasa Smart Wi-Fi power strip is an ideal smart surge protector for your family room, home office, or small business.
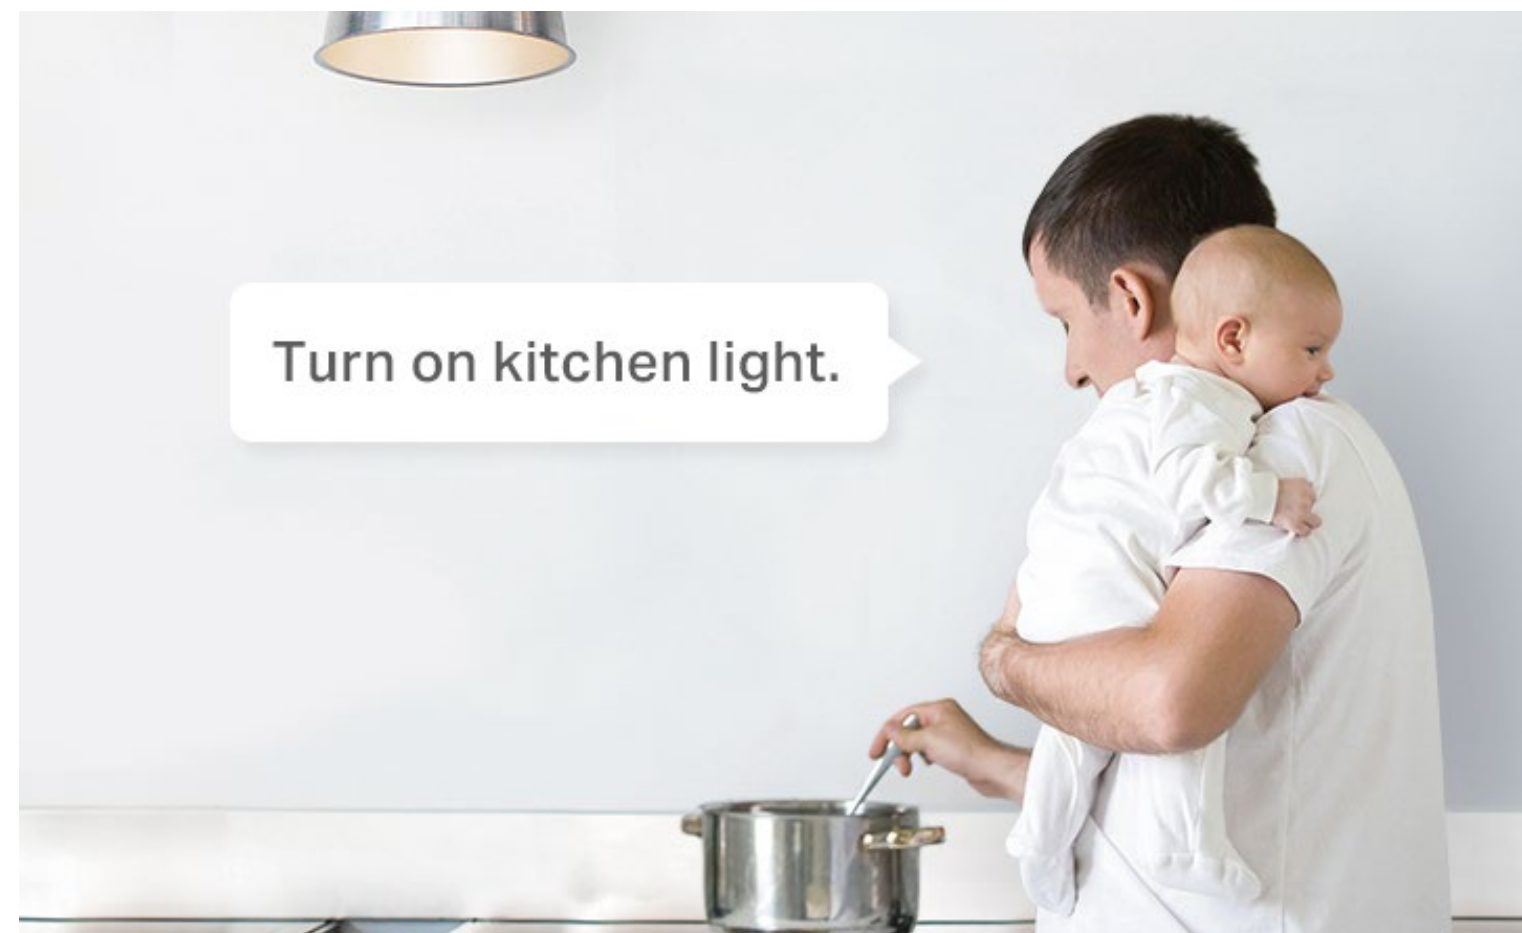

Monitor and Protect

Kasa Smart Wi-Fi Power Strip monitors how much energy devices consume and protects them from sudden power surge that occurs during weather storms, such as lightning and rain.
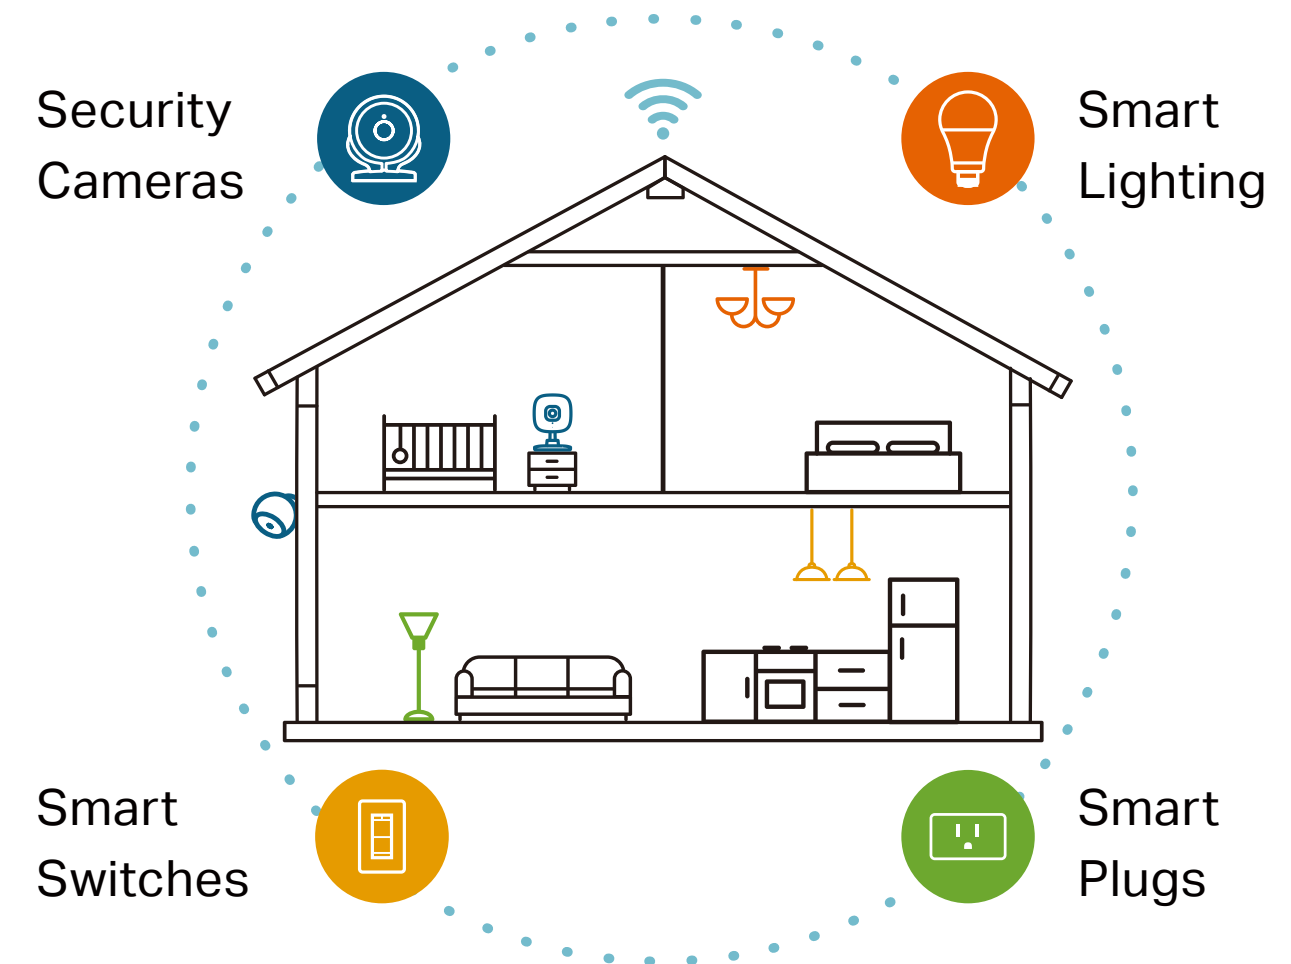

Better Together

Hands-free Voice Control

Connect your device with simple voice command and an Amazon Alexa, Google Assistant, or Samsung SmartThings.

Your Home. One App.

With the Kasa Smart app, you can easily access and control smart plugs, cameras, light switches, bulbs and more. Checking in on your home is only a few taps away.

Turn on kitchen light.

Features

Easy to Install

· Guided Installation – Kasa Smart app provides step-by-step instructions to set up your smart power strip.

· No Hub Required – Connect to your home's Wi-Fi network. No need for a hub or extra equipment.

· Space-Saving Design – The power strip's right-angled plug is designed to leave other outlets free and fits perfectly behind furniture and other tight spaces.

Ease of Use

· Remote Control – Independently control six smart outlets from anywhere with the Kasa Smart app.

· Scheduling – Schedule each outlet individually or altogether to turn on or off at set times throughout the day.

· Energy Monitoring – Monitor real-time and historical energy consumption of devices plugged into your power strip.

· Surge Protection – An ETL-certified surge protector shields sensitive electronics and appliances from sudden power surges.

· 3 USB Ports – Charge your phone, tablet, or any other device using the always-on USB ports.

Compatibility

· Works with Vocie Assistants – Control devices using the leading voice assistants such as Amazon Alexa, Google Assistant, and Samsung SmartThings.

· Compatible with Android, iOS – The free Kasa app lets you run smart strip from any Android (5.0 and higher) or iOS (iOS 5.0 and higher) devices.
