

ASP Series - Architectural Patio Speaker

The ASP Series speaker is TIC's most versatile patio speaker to hit the market. The convenient integrated 70V switch and 180° multi-mount system allow the speaker the flexibility to be added to any application.

Equipped with an aluminum grill and ABS impact and weather resistant enclosure, the ASP series patio speaker has the durability to be used anywhere from your back yard to your bookshelf.

The integrated 70V switch system allows easy switching between 8Ω, 2.5W, 5W, 10W, 15W, and 20W and extra quick installation for a professional distributed sound system. The ASP series architectural speaker gives you the power and design to suit your entertainment needs.

Features:

- 180° multi-mount bracket included
- Integrated 70V switch system (ASP60 and ASP120 only)
- ABS impact & weather resistant enclosure
- Suitable for both indoor & outdoor setting
- Color: Black or White
