Premium Custom Alpha Keypad Family

The 6460 Premium Custom Alpha Keypad Family offers value-added features with an aesthetic style. The unique, symmetric plastic design and color schemes makes this an ideal choice for homes, offices, and for more rugged locations such as warehouses.

The vivid, negative-mode display and negative-etched keys give the keypad a more sleek look, while increasing visibility in a darker area or from a distance. The four function keys are easily accessible and can be programmed for quick arming, controlling lights, opening a garage door, panic situations, health emergencies and much more. Self-adhesive labels are included.
