

Technical Data Sheet

LVC-S—Low Voltage Control Switch By Draper

- USES:** Up, Down and Stop control of an LVC-IV (low voltage control module) via wall switch.
- COMPATIBILITY:** The LVC-S can be used with the LVC-IV. Other controls may be connected to the LVC-IV simultaneously:
- a. WRT/R radio frequency remote control package, and
 - b. IRT/R infrared remote control package.
 - c. Multiple LVC-Ss may be used to control one LVC-IV.
- Auxiliary control systems employing momentary "dry" contacts.
SP-KSM 3-position momentary key switch (beware: Stop won't work).
- CONTACTS:** Three individual Single Pole, Single Throw contacts (On/Off). Momentary action. Latching contacts are part of the LVC-IV.
- RATING:** 10V 25mA
- DESCRIPTION:** The LVC-S is a 3-button (Up, Stop, Down) wall switch which controls an LVC IV (low voltage control module). The buttons are square. The 2 $\frac{3}{4}$ " x 4 $\frac{1}{2}$ " cover plate is plastic, and finished white. It fits a single-gang box. Installer supplied wire leads (18-24 Guage). There are screw terminals on the back for Down, Common, and Up.
- PART NUMBER:** 121225
