

DTK-DRK Series DIN Rail Mounting Kits

*DIN Rail not included

DITEK's DTK-DRK Series DIN Rail Mounting Kits allow integrators and installers to adapt a wide variety of DITEK surge protectors to easily mount on standard 35mm DIN Rails. Each kit includes screw-on adapter clips to easily mount various DITEK surge protectors onto DIN Rail flanges. A grounding lug provided with the DTK-DRK kit allows the surge protectors to ground directly to the rail.

DTK-DRK

- Includes two screw-on adapter clips and a ground lug clip allowing surge protectors to ground directly to the rail

DTK-DRK2

- Includes two screw-on adapter clips only (no grounding lug clip)
