VS SERIES

INTELLIGENT LIFE SAFETY SOLUTIONS

EFFICIENT

From quick setup to streamlined service and maintenance, getting your
building occupants protected and keeping it that way is easy.

RETROFIT-READY

Designed to be backwards compatible, the VS Series can use device wiring
from most legacy systems with no effect on performance. That means you don't
have to bear the expense or endure the disruption of rewiring your building.

RELIABLE

The VS Series is built upon Kidde's legacy of innovation and expertise of life
safety technologies. When you choose a VS life safety system, you're putting
your confidence in a name you've known and trusted for years.

INTUITIVE

Simple front panel operation and a user-friendly design
keeps your building personnel in full control of your VS Series system.

COST-EFFECTIVE

With the VS Series, you now have access to life safety technology
that a short time ago was beyond the reach of most small building budgets.
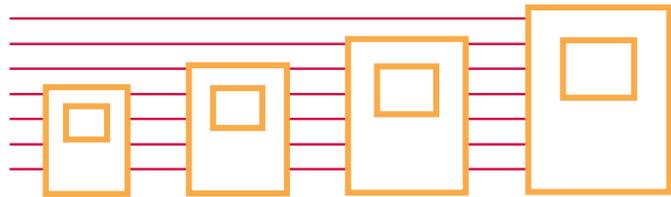

BIG PROTECTION FOR SMALL BUILDINGS

No application is too small to deserve reliable protection, which is why Kidde created the versatile VS Series of life safety systems. Quick setup and easy maintenance means Kidde's got you covered from day one.

GET THE
KIDDE ADVANTAGE

On the outside, the VS Series offers a sleek, clean-cut look that upholds the aesthetic integrity of any building. On the inside, it's packed with smart features that make life safety easier and more efficient.

SCALABLE SYSTEMS

Support for up to 1,000 devices leaves lots of room for expansion

REMOTE DIAGNOSTICS

Ethernet-ready to provide up-to-the-minute remote diagnostics and reporting

INTEGRATED SENSING

Smoke detection and carbon monoxide gas sensing with Optica

INCREMENTAL AUTO-PROGRAMMING

Easily make changes to keep pace with your building needs

GENESIS LED NOTIFICATION APPLIANCES

Ultra-low current draw, replaceable covers and backwards compatible
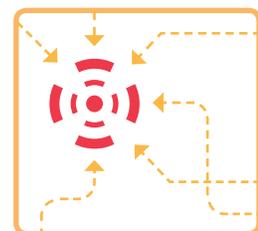

REDUCED NUISANCE ALARMS

Adjustable sensitivity means fewer disruptions and wasted resources
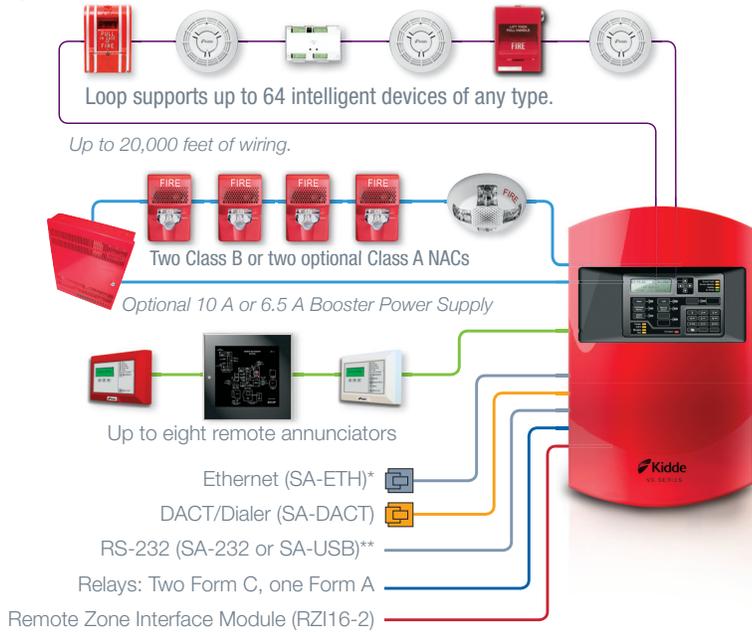

ADVANCED DETECTION

Pinpoint alarm location for fast responses

A COMPLETE SYSTEM

With a variety of Kidde life safety products,
you can build a complete system around your VS Series panel.

VS1

Loop supports up to 64 intelligent devices of any type.

Up to 20,000 feet of wiring.

Two Class B or two optional Class A NACs

Optional 10 A or 6.5 A Booster Power Supply

Up to eight remote annunciators

Ethernet (SA-ETH)*
DACT/Dialer (SA-DACT)
RS-232 (SA-232 or SA-USB)**
Relays: Two Form C, one Form A
Remote Zone Interface Module (RZI16-2)

Each VS1 panel ships with one device loop controller that supports 64 devices of any type. This panel's device capacity cannot be expanded.

*SA-ETH supports: (1) remote connectivity for diagnostics & programming, (2) Central station monitoring to Sur-Gard IP Receivers.
**RS-232 supports: (1) Printer, (2) Programming Interface, (3) Use of Field Server Briidge (SA-FSB) for 3rd party Building Management Systems interface.

VS4

Any combination of two single- or dual device loop modules

Standard Loop: 250 points (one expansion slot)

Up to 125 sensors and 125 modules per loop

V-SLC2-1 Expander Loop: 250 points (one expansion slot)

Up to 20,000 feet of wiring per loop

V-SLC2-2 Expander, Loop 1 of 2: 250 points

(one expansion slot)

V-SLC2-2 Expander, Loop 2 of 2: 250 points

Four Class B or two optional Class A NACs

Optional 10 A or 6.5 A Booster

Four Class B or two optional Class A NACs

Ethernet (SA-ETH)*
DACT/Dialer (SA-DACT)
RS-232 (SA-232 or SA-USB)**
Relays: Two Form C, one Form A

Up to eight remote annunciators

Sixteen Conventional IDCs, two additional NACs with RZI16-2 module

Each VS4 panel has room for up to two device loop controller modules in any combination of single or dual 250-device loops. VS4 comes with one loop that supports up to 125 detectors and 125 modules.

THE RIGHT PARTNER IN PROTECTION

Kidde is a world leader in the fire and life safety industry because we understand there's more to safety than equipment and technology. We take the time to collaborate with builders, owners, architects and engineers to cultivate partnerships with community initiatives and non-profits and to educate professionals and customers alike in fire & life safety.

See what's possible for your business.
