Installation Benefits

- *Flexible Solution for High Performance 110 Needs*
- *Wiring Blocks are Available in 100 and 300-Pair Versions*
- *Available in Complete Kits and as Individual Items for Future System Expansion*
- *Available IC110 Wiring Color Label and Holder for Easy System Administration*

IC110 Wiring Block

Block supports 110-type voice and high-speed data with a hinged design for easy rear cable access.

PART NUMBER	DESCRIPTION
IC110WH100	**100-Pair, Hinged**

IC110WH100

HiPerlink Pat Pend

IC110 Wiring Block

Block supports 110-type voice and high-speed data.

PART NUMBER	DESCRIPTION
IC110NF300	**300-Pair w/o Feet**

IC110NF300

IC110 Wiring Block

Block supports 110-type voice and high-speed data.

PART NUMBER	DESCRIPTION
IC110WF100	**100-Pair with Feet**

IC110WF100

NEW 66 Wiring Block

Block supports 66-type voice and high-speed data applications.

PART NUMBER	DESCRIPTION
IC066NB050	**66 Block, 50 Pair**
IC066CV050	**66 Block Cover**

IC066NB050

IC110 Wiring Block

Block supports 110-type voice and high-speed data.

PART NUMBER	DESCRIPTION
IC110NF100	**100-Pair w/o Feet**

IC110NF100

IC110 Cable Management Block

Enhances patch cord organization with a hinged design for easy rear cable access.

PART NUMBER	DESCRIPTION
IC110WHCMS	**Hinged**

Pat Pend IC110WHCMS

IC110 Wiring Block

Block supports 110-type voice and high-speed data.

PART NUMBER	DESCRIPTION
IC110WF300	**300-Pair with Feet**

IC110WF300

IC110 Cable Management Block

Provides 110 cable management.

PART NUMBER	DESCRIPTION
IC110CMBNF	**Block w/o Feet**
IC110CMBWF	**Block with Feet**

IC110CMBNF
