

The patented adjustable dual equipment rack provides an affordable, innovative solution for housing network equipment. Unlike cabinets, its open design allows for expansion, so it is ready to adapt to future needs. The design also expands installation opportunities by enabling cross-connects, facilitating cable management, and eliminating heat build-up. Available with three adjustable depths, the rack provides a solid foundation for mounting hubs, routers, and other heavy equipment. Black.

Features & Benefits

Self-supporting and self-squaring base	Assembles quickly and easily
Top angles and patented reinforced base are standard	Depth adjusts in 1/2" increments
Mounting holes are roll threaded for 12-24 hardware	Allows excellent cable management opportunities
Constructed of 6061-T6 structural grade aluminum	Equipped with standard 1/2" junctioning holes for securing multiple-rack lineups
Meets EIA-310 standards	Mounts 19" equipment and includes cross-recessed black panel mounting screws
Listed to the UL 1863 Standard for Communication Circuit Accessories	Static Load Capacity of 1000 lbs.

Specifications

General Info

UPC Number	662875682516	Country Of Origin	United States
Product Line	LeGrand	Application Sector	Commercial
Type	Rack		

Additional Information

RoHS Conformant	Yes
