

# STI Exit Sign Damage Stopper®

STI-9640

## PRODUCT OVERVIEW

Wherever exit signs are at risk from either intentional or accidental damage, installation of our super tough wire guard is the solution to the problem. Two sizes available to cover a wide range of exit sign models available today. Installation is simple with anchors and screws provided.

## BACKED BY A THREE YEAR GUARANTEE

As all STI protective covers, this Stopper is backed by a three year guarantee against breakage in normal use. It is constructed of 9-gauge, welded steel wire, coated with a tough, corrosion resistant polyester shell. To provide even greater protection against vandalism, tamper resistant screws and a matching bit are available.

## FEATURES

- Super tough construction of 9-gauge coated steel wire makes it extremely difficult to break.
- Fast and easy installation.
- Two sizes available to cover a wide range of exit signs.
- Flexible mounting options with moveable mounting clamps.
- Simple removal for light bulb replacement.
- Tamper resistant hardware is available.
- May be painted prior to installation.
- Guard may reduce projected light values. Verify correct exit light requirements when using guard (NFPA 101).
- Three year guarantee against breakage in normal use.

# STI Exit Sign Damage Stopper®

Dimensions and Technical Information
