EnviroArmour WATERPROOF ENCLOSURES

PRODUCT OVERVIEW

Multipurpose lockable polycarbonate or fiberglass enclosures for remote annunciators, fire alarm control panels or other electronic products which require physical or environmental protection. Helps guard against vandalism (accidental or intentional), as well as dirt, dust and grime. Covers are lockable or offer a screw-down door. Available with AC and/or heat, pressure compensation vents, filter fans or drain vent.

HOW THEY WORK

Enclosures are constructed of tough polycarbonate or fiberglass material which allows the unit within to be protected yet accessible. Many sizes are available with several ventilation options. Choices include a tinted or opaque hinged removable door, a lockable draw-down latch or a screw-down door. Available mounting plates offer easy installation.

KEY FEATURES

General Information

- · Made in the U.S.A.
- Three year guarantee against breakage of polycarbonate in normal use (one year on electro mechanical and electronic components).

Design

- Polycarbonate models have opaque or tinted hinged door. Fiberglass models have opaque or clear door.
- · Removable door.
- · Draw-down latch.
- · Lockable or screw-down door.
- \cdot Soft rounded edges.

Construction

- · Tough polycarbonate or fiberglass.
- · UV resistant.
- · Brass threaded inserts for inner panel mounting.
- · Windows on fiberglass models made of clear polycarbonate.

Installation

· Mounting plates available.

Options

- · Polycarbonate or fiberglass.
- · Polycarbonate available with opaque or clear tinted door.
- · Fiberglass offered with opaque or clear window door.
- · Many sizes available.
- · Ventilation options:
 - A/C
 - Heat
 - A/C with heat
 - Pressure compensation vents
 - Filter fans
 - Drain vent
