

In most applications, a signal booster (Model Number: B122-000-60) should be used with this cable to ensure a signal strong enough for your display. An alternate, more cost effective solution is to use a Tripp Lite HDMI over Cat5 Extender (Model Number: B126-1A1) in place of a 100 ft. HDMI cable and signal booster.

Standard-Speed HDMI Cable, 24 AWG High Definition, Digital Video with Audio Cable (M/M), 100 ft. (30.5 m)

MODEL NUMBER: **P568-100-HD**

Description

Tripp Lite's 100-ft. (30.5 m) 24AWG High Definition Standard Speed HDMI Gold cable allows interconnection between digital display devices, such as DTV's (Digital Television), Plasma displays, LCD TV's, and projectors, to Digital source devices, such as Digital Set-Top boxes, Blu-Ray players, and AV receivers. Supports iPad2 Video Mirroring when used with Apple Digital AV Adapter. Heavy gauge wire (24AWG) assures full 1080p resolution at the display when used with a Tripp Lite HDMI Signal Booster, such as the B122-000-60. HDMI assures that the best video signal is always sent from source (HDTV signal, Blu-Ray Player) to the display (Projection Television, LDC, Plasma, etc.). It does this by allowing uncompressed video and multi-channel audio data to be input to the display device through one single cable. An HDMI connection allows input at high rates of speed, up to 10.2 Gbps.

Features

- 24AWG High Definition Standard Speed HDMI Gold Cable
- Supports iPad2 Video Mirroring when used with Apple Digital AV Adapter
- Gold-plated connectors provide optimal signal transfer
- Premium Double-Shielded cable protects against outside noise (EMI/RFI)
- Impedance matched twisted pair construction reduces cross-talk and interference
- Bandwidth up to 10.2 Gbps - Full 1080p resolution
- In most applications, a signal booster (B122-000-60) will need to be used with this cable to ensure a signal strong enough for your display

Highlights

- 24AWG High Definition Standard Speed HDMI Gold cable
- Premium double-shielded digital audio/video cable
- Supports iPad2 Video Mirroring when used with Apple Digital AV Adapter
- Gold-plated connectors provide optimal signal transfer
- Standard Speed HDMI and HDCP compliant
- Supports HD Video resolutions up to 1080p

Package Includes

- 100-ft. (30.5 m) 24AWG High Definition Standard Speed HDMI Gold Cable (HDMI M/M)

Specifications
