

7.2 Surround Sound 2-Gang Plate 45-0070

Introducing DataComm Electronics' new and improved **45-0070 Home Theater 7.2 Surround Sound Plate**. This pre-configured plate comes with front and back gold plated push-pin banana plug connectors.

Features include:

- Eliminates tedious work and decreases labor cost by 20%
- No wire pull-outs
- Automatic conductor adjustment ensures perfect conductivity every time
- Connector labeling simplifies room setup and configuration

The Home Theater 7.2 Surround Sound Plate contributes to a clean, professional installation.
