

Low Voltage Mounting Brackets

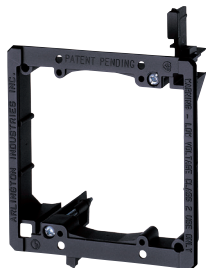

Single through 4-gang brackets for installations on existing construction. Designed to install low voltage Class 2 only.

FEATURES AND BENEFITS

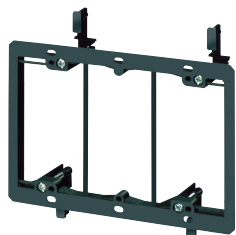

- Non-metallic—better than metal and costs less too!
- For communications, cable TV, computer wiring.
- Cat 5 listed
- Adjusts to fit 1/4" to 1" thick wallboard, paneling, or drywall
- Bracket is its own template for cut out
- Mounting wings hold bracket securely against wall when screws are tightened

FINISHED INSTALLATION

Locate bracket position. Level. Trace inside of LV1 and cut on the outside of the line.

LOW VOLTAGE FIRE ALARM INSTALLATIONS

Arlington's LV2, for existing construction, and LVMB2, for new construction (see pg. O-4), can also be used for the installation of fire alarms.
