- Attractive Black Finish To Match Amplifier
- Convenient Kit Includes Hardware

General Description

The AARMK2-0 Rack Mount Kit provides a mounting solution for the AA120, AA240, and AA120M Mixer amplifiers in industry standard 19" equipment racks.

The AARMK2-5 Rack Mount Kit provides a mounting solution of either 1 or 2 (Side-by-Side) AA35, AA60, and PA601 amplifiers in industry standard 19" equipment racks.

The PA702RMK Rack Mount Kit provides a mounting solution of either 1 or 2 (Side-by-Side) PA702, PA1001G, MA40G, MA60G, PA40G, PA60G, and AL2430 amplifiers in industry standard equipment racks.

The AARMK2-5 and PA702RMK kits come with 2 connector plates to secure 2 units together, insuring a secure mount and front panel alignment when 2 units are mounted side-by-side.
