

RSN7087 Emergency Communication Wall Sign (AlphaRefuge™)

Architects' And Engineers' Specifications

The AlphaRefuge™ Emergency Communication sign(s) shall be Alpha Communications® RSN7087, or approved equal.

The RSN7087 sign(s) shall be Surface Mount type and shall be in a Blue plastic with raised White lettering, handicapped symbol and braille wording. Sign(s) shall come with self-stick backing to affix to the surface of the wall.

The RSN7087 sign(s) shall be IBC, NFPA and ADAAG code compliant.

Contractor shall furnish and install one (1) RSN7087 sign to be placed by each "Emergency Communication" location, or as directed by the local AHJs.

Contractor shall observe all local and national electrical and building codes.

RSN7087 Emergency Communication Wall Sign (AlphaRefuge™)

The Alpha Communications® RSN7087 Emergency Communication Signs are used with the AlphaRefuge™ 2100 and 2400 Series Area of Refuge systems, and can be used with other manufacturer's ARA systems.

The RSN7087 signs come standard with self-stick tape on the back for surface wall mounting, and feature raised lettering, handicapped symbol and braille wording to comply with the current building codes.

Typically, one RSN7087 sign would be placed at each "Emergency Communication" location, typically at the elevator landings on each floor, to identify that location for building visitors and residents, for ARA code compliance.

Features

- IBC, NFPA, ADAAG Code Compliant
- Blue Plastic with Raised White Lettering and handicapped symbol
- Braille Wording
