

VESTA2 GB2 Color Hands-Free 4.3" Video-Intercom Monitor

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The hands-free type 4.3" **GB2** series intercom station(s) shall be Alpha Communications® / Golmar **VESTA2 GB2**, or approved equal. Monitor(s) shall be mounted on the wall (or desk mounted using optional **#SOB-UNI** desk adapter). Station(s) shall be connected using a simple 2-conductor non-polarized (loop) wiring. Station(s) shall include a high quality 4.3" TFT (480 x 272) color screen. Station using mirrors or other non-flat type screens, or coaxial cable shall not be acceptable. Monitor(s) shall feature electret condenser microphone for exceptional half-duplex digital voice fidelity. Station shall include an on-screen display (OSD) and 2 function buttons for call answering and door release. OSD menu shall be controlled by the front mounted capacitive (soft touch) navigation buttons. Station shall feature an electronic calling signal (selectable) and shall only protrude from the finished wall 0.75" inches (20mm).

Contractor shall observe all local and national electrical and building codes.

GB2 WIRING INFORMATION

The **GB2's** system uses simple 2-conductor non-polarized wiring making it ideal for new installations as well as for retrofit applications. All audio, video and data functions are fully digital and using the **RAP-2150** (or equivalent) cable you can run up to 300 meters from the entrance panel to the furthest monitor.

VESTA2 GB2 COLOR HANDS-FREE 4.3" VIDEO-INTERCOM MONITOR

The Alpha Communications® **VESTA2 GB2** series hands free type 4.3" color monitors use the **GB2** technology to provide the most advanced video-intercom system available, for any multi-unit building up to 256 apartments and up to four (4) entry door stations.

These attractive monitors conveniently mount right on the wall and are only 0.75" deep! Due to its advanced design the **VESTA2 GB2** features an easy to use on-screen display (OSD) to easily navigate through its multiple functions, as well as big front buttons for call answering and door release. The menu functions are controlled by the front mounted capacitive (soft touch) navigation buttons.

All **VESTA2 GB2** monitors feature a crystal clear 4.3" color TFT (480 x 272) flat screen monitor (measured diagonally), on-screen menu to control system functions and hands-free voice.

FEATURES

- 4.3" (diagonal) Crystal Clear Color TFT (480 x 272) Video Screen
- Big front button controls for call answering (voice) and door release
- Uses simple 2-conductor non-polarized (loop) wiring
