

Ring Smart Lighting Floodlight Wired

ring

Security lighting above the rest.

Shine ultra-bright lights above your driveway, sideyard and high-traffic areas with a hardwired and adjustable Floodlight packed with 2000 lumens of brightness. Then connect it to the Ring Bridge to unlock countless combinations and commands.

Use the Ring Bridge to link Ring Smart Lights to other Ring devices and create combinations so that if one connected Ring Smart Light detects motion, it can activate your entire Ring of Security.

AVAILABLE COLORS: ● ○

 **Motion Activated**

 **Hardwired Installation**

 **Bright LEDs**

 **Weather Resistant**
