

ELECTRICAL TAPE

5-PACK OR SINGLE PACK

ADI PRO

ADI PRO's premium electrical tape offers a durable, quick solution for insulating, color coding, splicing and terminating wire and cable. Constructed from high tensile, 7 mil PVC and available in convenient 5-packs, our electrical tape acts as a flame retardant and is both UV and weather resistant.

0E-17005A

FEATURES

High tensile, 7 mil PVC for general purpose electrical applications (up to 600V)

Flame retardant

UV and weather resistant for excellent adhesion and durability despite temperature extremes or moisture

Available in multiple colors, 5-pack or single pack

UL Listed

Limited Lifetime Warranty

Product Specifications

PART #:	Color	Quantity
0E-17005A	Assorted	5-pack
0E-17005WH	White	5-pack
0E-17005BK	Black	5-pack
0E-SNGPKTAPE	Black	Single pack

Application: General purpose electrical, circuits up to 600V

Dimensions: 3/4" W x 66' L

Material: 7 mil PVC

Operating Temperature: 0°F to 176°F
(-18°C to +80°C)

UL Listing Number: E467251
