

BRIDLE RINGS

These galvanized steel, threaded bridle rings attach easily to most beam clamps and are used to organize cables. 0E-BR225SA includes a plastic saddle to further protect cables by reducing friction.

Product Specifications

PART #	LENGTH:
0E-BR12525	1-1/4"
0E-BR225	2"

PACKAGE QUANTITY: 100

FEATURES

Galvanized Steel for Strength and Longevity

Fully Molded for Durability

1/4" x 20 Thread

50 lb. Static Load

Limited Lifetime Warranty

PART #	LENGTH:
0E-BR225SA	2"

PACKAGE QUANTITY: 50
