

RAINPROOF STROBE

LONG LIFE, HIGH INTENSITY LED

ADI
PRO

The 0E-STROBERPx series models are long life, high intensity strobes for indoor and outdoor alarm system applications. Their strobe life expectancy is 50,000 hours, up to 250 times that of comparable non-LED models. They can be mounted on a bell box or other enclosure (including ADI PRO model 0E-STSTSIREN) or directly to wood or other surfaces. A rubber ring seals the lens with the base, and an adhesive mounting gasket is provided to further enhance rainproofing.
