

AW525blk / S10 Cinema System

Wait. Don't leave home. The AW525blk / S10 Cinema System is here to satisfy your craving for an awesomely lifelike audio experience.

This amazing system was created for the homeowner who wants a scale of presentation that's truly massive. It begins with an array of four AW525blk monitors, each with 150 watts of precise power handling through a 6½" coated polypropylene woofer and 1" Supernil soft-dome pivoting tweeter.

Added to that is the CC525 center-channel speaker, featuring two 5¼" graphite woofers, a 3" graphite midrange, a 1" aluminum dome tweeter and 100 watts of power handling. It's a real head-turner: Vocals and dialogue are balanced and perfectly positioned, no matter where you are in the room.

You also get the S10 powered sub, a compact 100 watt system with 10" woofer plus crossover and level controls. It gives you sound that's tight yet powerful.

Listen to the AW525blk / S10 Cinema System. Trust us, you'll look forward to evenings at home.

Quality-built, of course. Exactly what you'd expect from a premium brand like Proficient.
