

Configuration:

LS-100-01-GY ListenIR iDSP Standard System – Grey (North America)
LS-100-01-WH ListenIR iDSP Standard System – White (North America)

Product Overview:

Complete with transmitter, radiator, receivers, and more, the LS-100 ListenIR iDSP Standard System is a good choice for mid- to large-size venues up to 100 seats in capacity.

Packaged to provide venues with an immediate assistive listening solution, the LS-100 comes with our LT-82 Stationary IR Transmitter and LA-140 Stationary IR Radiator. The heart of the system gives your venue outstanding coverage without gaps, transmitting effectively up to 3,716 m² (40,000 ft²).

The system also includes LR-4200-IR Intelligent DSP IR Receivers, as well as an LA-381 Intelligent 12-Unit Charging Tray that allows for the system to grow with your needs.

From convention centers to theaters, courtrooms, training spaces, and more, the LS-100 is a simple and effective way to add industry-leading assistive listening to nearly any small or medium-sized space.

Highlights:

- Pre-configured, ready-to-install system complete with transmitter, radiator, receivers, and more
- Ideal for mid-size venues including legislative chambers, performing arts centers, classrooms/lecture halls, convention centers, and more.
- Includes transmitter/radiator combo, several iDSP receivers, and a 12-unit charging tray
- Crystal-clear audio performance for all listeners
- Integrated neck loops/lanyards provide compatibility with T-coil-equipped devices
- Designed for single-channel applications
