

# Aeon CineWhite® A8K Series

EDGE FREE Acoustic Transparent Projection Screen

Compatible with Ultra-Short, Short and Standard Throw Projectors

## Product Description

The **Aeon CineWhite® A8K** is an EDGE FREE® fixed frame screen with an ultra-fine acoustically transparent front projection material for high-resolution projectors.

The CineWhite® A8K material allows sound to pass through the multi-layer fabric with minimal attenuation. Its bonded black backing eliminates light loss while reducing light reflection. It is ISF Certified for accurate color reproduction in a dark room environment for presenting videophile presentations.

Models	Diagonal	Aspect Ratio	View Width	View Height	Material	Gain	Frame Color	Frame Width
AR103H-A8K	103"	16:9	89.2 in	50.2 in	CineWhite® A8K	1.1	Black	0.4 in
AR123H-A8K	123"	16:9	106.6 in	60.0 in	CineWhite® A8K	1.1	Black	0.4 in
