

Build USB 2.0 functionality into a custom system with a secure and efficient fixed port. Provide access to a PC, printer, projector, or other USB device with minimal exposure or repositioning. From basic port reroutes in a PC, to connections at podiums and kiosks, a panel-mount cable is the right solution to keep your connection clean and professional.

Foil and braid shielding reduces EMI/RFI interference, and twisted pair construction helps reduce crosstalk thus ensuring high speed, error-free data transfer. This cable also features molded screw-style connectors that enable easy connection to a faceplate or machined port.

Features & Benefits

Panel-mount cable design for clean and professional look

Foil and braid shielding reduces EMI/RFI interference

Twisted pair construction for reducing crosstalk

Screw-style design for a quick and easy connection

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120280668	Country Of Origin	China
Application Sector	Residential, Commercial	Type	Cable

Dimensions

Cable Length	1 ft
--------------	------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	USB
Amperage	100 mA	Data Transfer Rate	480 Mbps

Adapter Rear

USB-B Male

Adapter Front

USB-A Female
