

C2G
3ft (0.9m) USB-C to C 3.1 (Gen 1) Male to Female Extension Cable (5Gbps)
Part No. CG-28656

The USB-C to C 3.1 (Gen 1) Male to Female Extension Cable is perfect for extending a USB-C connection on a USB-C equipped laptop, smartphone, or tablet. The extension cable supports fast charging and data transfer speeds up to 5 Gbps.

The USB-C connector has a symmetrical design which is identical on both sides, so no more worrying about whether it's upside-down or right-side-up. It will plug in the first time, every time—while preventing damage to the connector port from frequent plugging and unplugging.

Features & Benefits

USB-C Male to USB-C Female connection

Data transfer speeds up to 5 Gbps

3A charging output

Compatible with USB-C and Thunderbolt™ 3 ports

Reversible, symmetrical USB-C connector
