

This cost-effective audio y-cable is an ideal solution for adapting your audio connections to meet your application needs. The dual conductor is shielded (26 AWG, spiral-wrapped copper shielded wire), which provides protection against EMI/RFI. The connectors are fully molded to provide excellent strain relief. Brass/nickel-plated plugs. This audio y-cable can split a signal or adapt from one connection to another.

Features & Benefits

- Connects a RCA Stereo Audio port to a 3.5mm Stereo Audio cable
- Nickel plated contacts
- Shielded to help reduce interference
