Caséta by ☀LUTRON

Discover the power of smart lighting
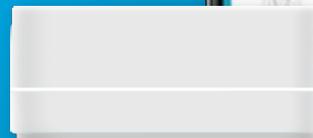

Dimmer

Remote Fan remote Sensor Smart Bridge Lutron App

Why choose Caséta?

A smarter timer* — your customers will always come back to a well-lit home

- Set timer once and never have to reset it again
- Timer schedules automatically adjust when seasons change
- No reprogramming for daylight saving or power outages

*Not only does the Smart Bridge provide a smarter timer, it also offers app control, and so much more. See pages 12–13 for details.
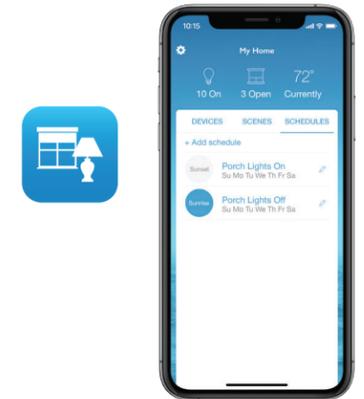

How to do it:

Step 1
Install Caséta dimmers

Step 2
Connect the Ethernet cable and power cord to the Smart Bridge

Step 3
Download FREE Lutron App and create scheduled events

A hassle-free 3-way**

- Add 3-way or multi-location control without needing to wire another switch
- Easily add additional points of control at any time
- Mount remote on any surface for an additional point of control, without cutting holes
- Get in and out of a job fast

**See page 7 for tips on how to promote the use of Pico remotes.
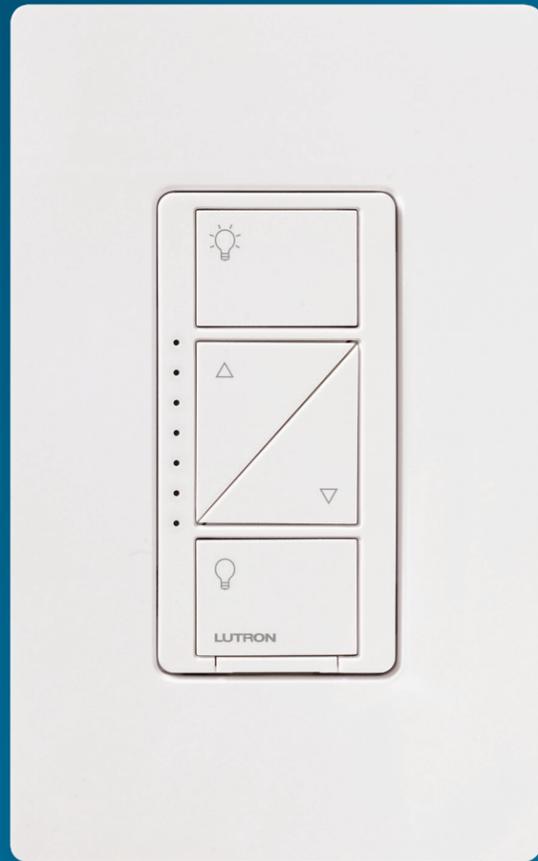

How to do it:
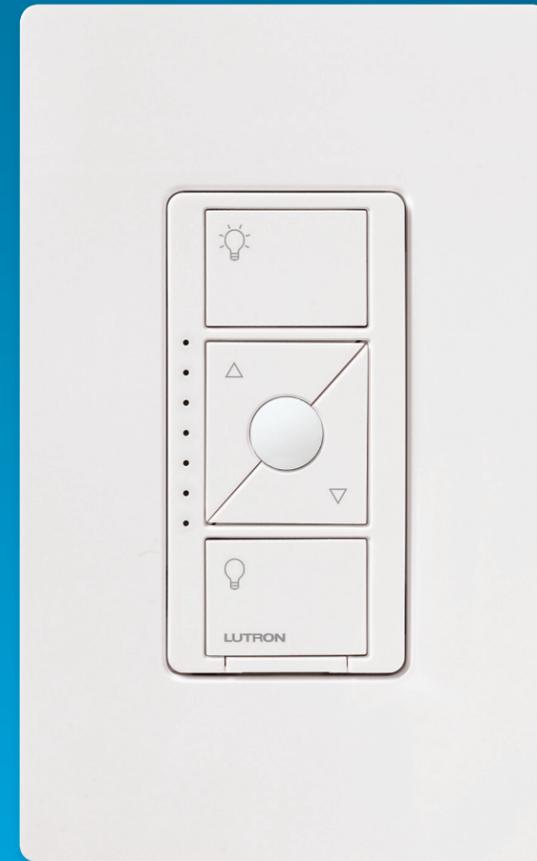

Step 1
Install Caséta dimmer

Step 2
Mount Pico remote

Product information

Controls wall and ceiling lights

Controls ELV, LED, and more.

Dimmer

· Doesn't require a neutral wire — ideal for retrofit or new construction

· No polarity for line or load wiring — mistake-proof wiring

· Works with compatible dimmable LEDs (up to 150W), halogen and incandescent bulbs (up to 600W)

· Use Pico remotes for additional dimmers in 3-way or multi-location dimming applications

Dimmer PRO

· Works with approved dimmable LEDs (up to 250W), halogen and incandescent bulbs (up to 1000W)

· Also works with MLV lighting (up to 1000VA)

· Compatible with Lutron LTE LED drivers, PHPM, and GRX-TVI interfaces

· Neutral wire optional (required for MLV and drivers/interfaces)

· Use Pico remotes or existing toggle switches in 3-way or multi-location applications

· **Only available to the Pros**

Dimmer ELV+

· Works with all load types — dimmer is phase selective

· Favorite button for preset level on dimmer (matches Pico remote)

· 500W ELV/HAL/INC

· 400W MLV

· 250W LED

· Neutral wire required

· 10W minimum load

· Use Pico remotes for additional dimmers in 3-way or multi-location dimming applications

Product information

Controls wall and ceiling lights, as well as general purpose fans

Controls table and floor lamps
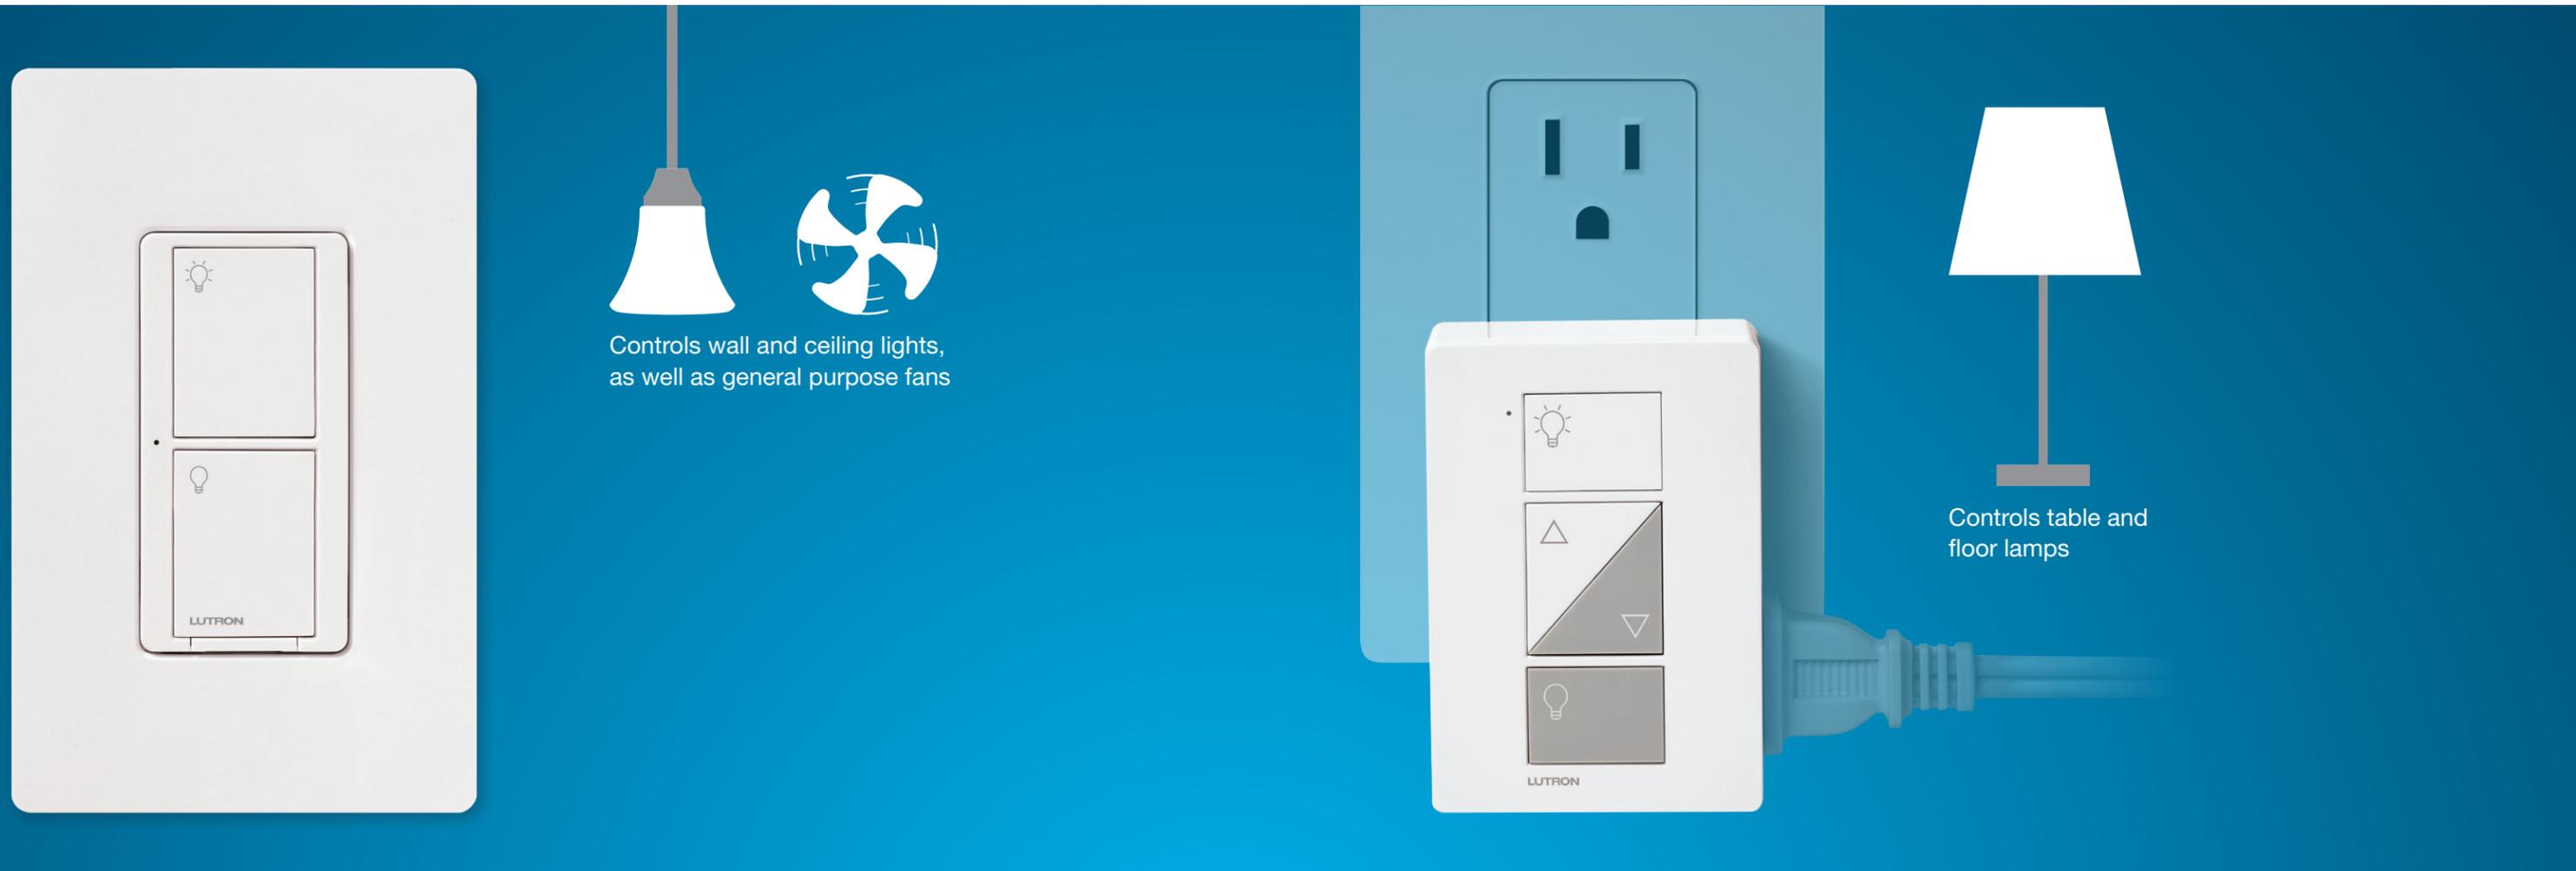

Neutral switch

- Neutral wire required — provides higher capacity and 10 W minimum load or one LED bulb
- Use Pico remotes or existing toggle switches in 3-way or multi-location switching applications
- Controls 6 A lighting load (LED, HAL, INC, CFL) or 3.6 A fan load

Switch PRO

- Dual voltage — works in 120 V and 277 V applications
- Doesn't require a neutral wire
- Minimum load cap included (for switching LED, CFL, and ELV loads)
- Use Pico remotes or existing toggle switches in 3-way or multi-location switching applications
- **Only available to the Pros**

Plug-in lamp dimmer

- Features two receptacles for simultaneous control of two lamps
- Simply plugs into a standard wall receptacle
- Works with dimmable LEDs (up to 100 W)
- Also works with halogen and incandescent bulbs (up to 300 W)
- First lamp dimmer added to Smart Bridge acts as a Clear Connect range extender — provides 30 ft. of additional range (limit one per system)

Product information
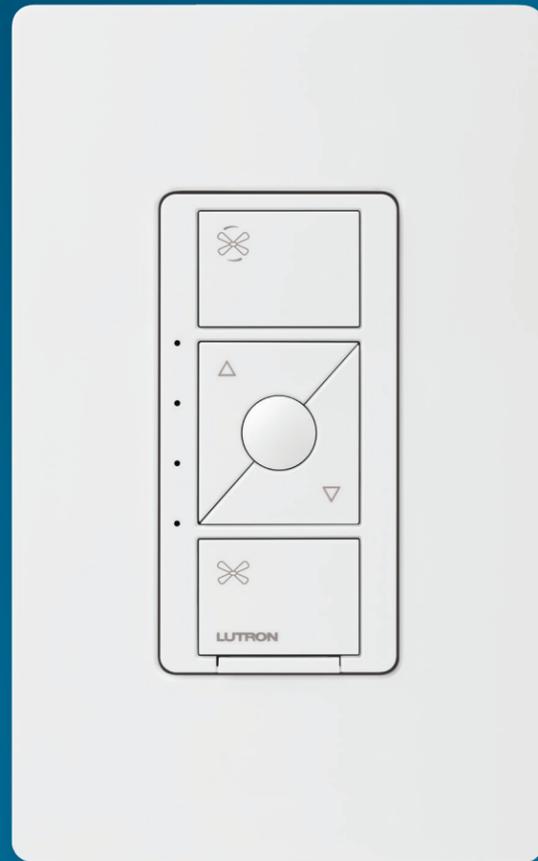

Controls ceiling fans

Mount a Pico to a tabletop pedestal, clip it to a car visor, or mount it to a wall.

Promoting the Pico

Don't forget to emphasize the ease of adding 3-way control with a Pico. Make sure to stress to homeowners that you won't have to climb into their attic or other tight space to run wire and cut holes.

Tabletop pedestal   Car visor clip   Wall-mounting kit

Fan speed control

- Neutral wire required — can control one AC ceiling fan
- Use Pico fan remotes in 3-way or multi-location control applications
- 4 speed fan control and off
- Favorite button to recall preferred fan speed setting

Pico remote control

- Provides convenient remote control
- Add a light switch without having to wire anything
- Battery powered — features a 10-year battery life (typical)
- Works with Caséta dimmers, switches, and wireless shades

Product information

3-scene control   2-group switch control   Dimming control   Fan control   Audio control
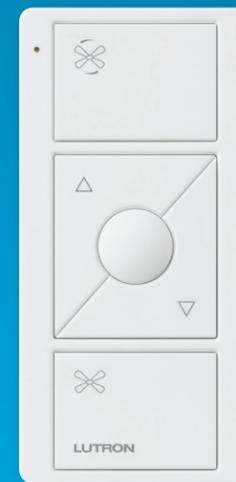

4-button Pico remote control PRO

Choose from three options

- 3-scene control — create three different scenes, as well as turn all lights off
- 2-group switch control — control two groups of lights independently from one another
- Dimming control — same functionality (full on/off and raise/lower) as standard Pico remote control, but in a 4-button aesthetic
- **Only available to the Pros**

  Note: light/shade and shade-only 4-button remotes also available
  Visit **lutron.com/pico** for information on model numbers and engraving options

Pico fan remote control

- Provides convenient remote control
- Add an additional point of fan control without having to wire anything
- Battery powered — features a 10-year battery life (typical)
- Works with Caséta fan speed control

Pico remote control for audio
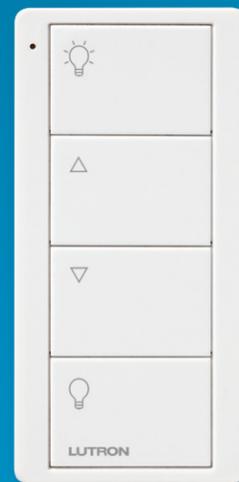

- Controls any model Sonos speaker(s) from anywhere around the home
- Play/pause, skip tracks, raise/lower volume, and select favorite playlists or stations
- Smart Bridge or Smart Bridge PRO required
- 10-year battery life

Turn lights on and off automatically

Pico scene keypad

- Provides access to scene control with the touch of a button
- Keypad automatically programs when added to room in app
- Each button is individually configurable for multiple lights and shades, as well as for audio
- Pre-engraved buttons for typical scenes / activities
- 2- or 4-button options available
- **Only available to the Pros**

Wireless sensor

- Mount on a wall, corner, or a horizontal surface
- 180° field view
- Ideal for hallways, closets, bathrooms, etc.
- Occupancy and vacancy versions are available
- Battery powered — features a 10-year battery life
- Can control one or many Caséta dimmers and switches

Product information

Get started in 3 simple steps

1 Connect the Ethernet cable and power cord to the Smart Bridge

2 Download the FREE Lutron App

3 Launch the app and walk through setup

Caséta dimmer

30 ft (9 m) maximum

Pico remote control

30 ft (9 m) maximum

Caséta dimmer

Smart Bridge

Wireless repeater

Shade

60 ft (18 m) maximum

Extend the system's wireless range

Smart Bridge

Repeater

Smart Bridge

- Enables control of lights, shades, and temperature using the Lutron App
- Compatible with Caséta dimmers and switches, Serena shades, Honeywell Wi-Fi Thermostats, Sonos speakers, and the major voice assistants (Amazon Alexa, Google Assistant, and Siri)
- Easy to install; just plugs into a Wi-Fi router
- Uses Clear Connect wireless technology — no customer callbacks

Smart Bridge PRO

- Also compatible with Lutron Triathlon battery-powered shades and select styles of Sivoia QS Wireless shades
- Adds integration with third-party A/V remote controls and security systems
- **Only available to the Pros**

Repeater

- Extend the system range up to 60 ft
- Repeater must be within 60 ft of the Smart Bridge
- Only one repeater per Smart Bridge (needs to be within range of the Bridge)
- Can be plugged in anywhere, does not require Ethernet connection

Lutron App

Download on the App Store

GET IT ON Google Play
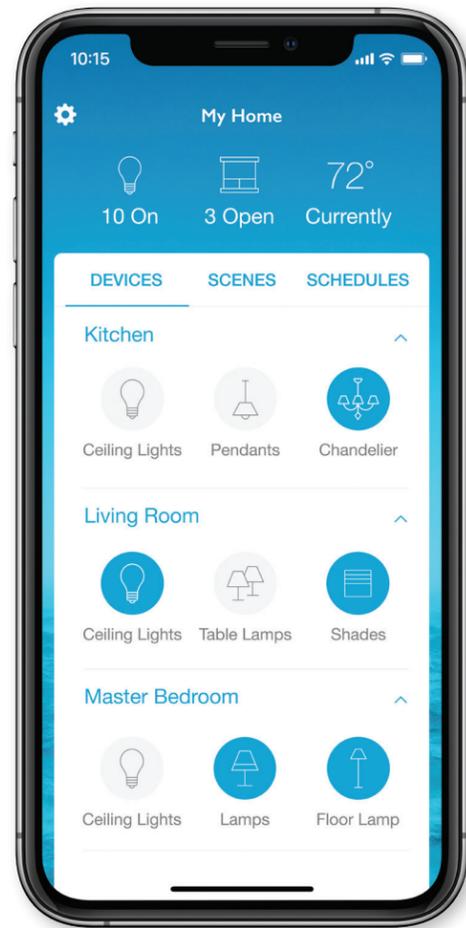

Lutron App

- Control individual lights, shades, thermostats, and speakers — even when away from home
- Intuitive interface makes adding and scheduling scenes to adjust lights and shades easy
- Set up the system in contractor mode — bypass the homeowner registration process and quickly configure the system
- Homeowners can:
  - receive notifications on their smart device if they've left lights on when they leave home
  - use the geofencing feature to automatically turn lights on as they arrive home/turn them off as they leave
  - create a lived-in look with the "Smart Away" feature, which allows them to pick several lights that will randomly turn on/off in the evening when they're away.

Expand the system

Caséta expands beyond lighting control. It works with other connected home solutions, such as shades, thermostats, ceiling fans, and even other manufacturer's apps.

Shading solutions

Eliminate glare, create privacy, and help keep a room cool, all with one touch.

Roller

Honeycomb

Lutron automated shades

- Battery-powered; batteries last 3–5 years
- Wireless, easy to install
- Cordless design
- Available in roller or insulating honeycomb styles
- Triathlon shades and select styles of Sivoia QS Wireless shades compatible with Smart Bridge PRO only

**Sivoia QS
△Triathlon**

Expand the system

Wireless thermostats

Control heating and cooling from anywhere using the Lutron App and a wide range of compatible thermostats.

(available from Lutron)

Lutron-Honeywell Wireless Thermostat

· Remotely control a home's temperature from the Lutron App

· 7-day programmable schedule

· Large touchscreen display with backlight

· Precise comfort control of temperature and humidity

· The Lutron App is also compatible with the following:

HomeKit-enabled ceiling fans

Conveniently adjust ceiling fans from the Lutron App or by using Siri. Turn them on and off, and change speeds. And if the fan has a light attached to it, homeowners can even adjust that, too — right from their phone.

Hunter Symphony and Signal ceiling fans

· 54" ceiling fans with either plastic (Symphony) or wooden (Signal and Apache) blades

· Both fans include an integrated light kit

· Whisperwind motor delivers quiet, ultra-powerful air movement

· For additional product information visit hunterfan.com

Additional smart home technology

Amazon Alexa
Create just the right light using Alexa voice control. Ask Alexa to turn lights on, off, or dim them to your favorite level.

Apple HomeKit
The Smart Bridge contains Apple HomeKit technology, so you can use Siri to control your lights and shades.

The Google Assistant
Get the lights with just your voice. Smart lighting control is now available through any Google Assistant-enabled device.

IFTTT (If This Then That)
Create IFTTT recipes: a sequence of conditions that when triggered (If This) cause your Caséta system to turn on the lights or open the shades (Then That).

Logitech Harmony
Dim lights, lower shades, and start a movie with one button press on Logitech Harmony hub-based remote controls or from the Harmony app.

Samsung SmartThings
Control lights and shades from the Samsung SmartThings app, and create new routines to tie in other smart devices like locks, sensors, cameras, and more.

Sonos
Control your Sonos Home Sound System from a Pico remote control for audio or from scenes in the Lutron App. You can also control your lights using your voice via the Sonos One with Amazon Alexa & Google Assistant.

XFINITY Home
Control your lights from anywhere using the XFINITY Home app.

Pro-level integration*

Security
Automatically turn off lights and close shades when arming the security system before leaving for the day.
Turn lights on and open shades when disarming the system when arriving home or in the event of an alarm.
