AUDIO/VIDEO

Hubbell iSTATION products provide a consistent and practical solution for delivering all types of connections. The Hubbell iSTATION system allows convergence by locating AV solutions where you need them:

- On the wall, in the wall
- On the furniture, in the furniture
- On the floor, in the floor
- On the surface
- On the rack, in the cabinet
- In the ceiling

The Hubbell iSTATION approach makes adding a connection effortless while maintaining a clean, uniform look.

Flexibility
Four-inch connector tail provides flexibility for installations with capacity constraints.

Capacity
Small form factor allows horizontal cable to easily be pulled through ¾" conduit without any issue.

Superior Strain Relief
Over mold protects the cable and connectors during and after the installation, and secures the connection.

Versatility
Allows the user to swap out application patch cords and tails utilizing the same horizontal cable without change.
