Video Doorbell 4

Our upgraded doorbell camera with improved video previews that works on any home.

1080p HD Video with Night Vision

Motion Alerts with Color Video Previews

Two-Way Talk with Quick Replies

Customizable Privacy Settings

Quick Release Rechargeable Battery

Works With Alexa

Upgrade your front door.

Upgrade your front door with Video Doorbell 4. Enjoy improved battery life and performance, enhanced dual-band Wi-Fi, and color video previews to get the whole picture.

A few seconds. All the difference.

Start recording before you even receive a motion alert with color Pre-Roll - the first feature of its kind for battery-powered doorbells. With up to 4 extra seconds of color video, you'll know what happened before your package was delivered, or other motion was detected. You'll never miss a detail - day or night.

More ways to answer.

Answering the door is easier than ever with Quick Replies. Choose from preset responses, or save time and ask visitors to leave a message with just a few taps. It's like an answering machine for your front door.

Add-Ons

Ring Quick Release Battery Pack

Get a second rechargeable battery pack for your Video Doorbell 4 so you'll always have backup power. Swaps in and out of the doorbell with a quick-release tab.

Voice Assistant

Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

Ring Solar Charger

Power your Video Doorbell 4 and extend its battery life with the help of a solar power source. Ring Solar Charger is a secure mounting bracket with built-in solar panels.

1. Video quality for Color Pre-Roll is less than 1080p. 2. Pre-Roll does not include audio. 3. Requires a subscription to Ring Protect. 4. Improved battery life is based on average of 20 or more motion events per day as compared to Ring Video Doorbell 3 Plus. Battery life will vary based on device settings, use, and environmental factors.

Frequently Asked Questions

What is Color Pre-Roll?

Color Pre-Roll starts recording before you even receive a motion alert - the first feature of its kind for battery-powered doorbells and uniquely exclusive to Ring. With up to 4 extra seconds of color video, you'll know what happened before your package was delivered, or other motion was detected.^{1,2}

What's the difference between Ring Video Doorbell 3 and Ring Video Doorbell 4?

The main difference is that Ring Video Doorbell 4 includes our Pre-Roll feature which allows you to see up to 4 additional seconds of color video before the motion event was triggered. Video Doorbell 4 also has improved performance from Ring Video Doorbell 3, including improved motion detection and night vision.⁴

What is Ring Protect?

Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Ring Video Doorbell 4, plus a few extra perks. To compare and learn more about Ring Protect visit <https://ring.com/protect-plans> to choose a plan that works for you.

Do I need Ring Protect to use Video Doorbell 4?

No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit <https://ring.com/protect-plans> to learn more about Ring Protect and to choose a plan that works for you.
