

RSN7041 Area of Refuge Wall Sign (AlphaRefuge™)

**ARCHITECTS' AND ENGINEERS' SPECIFICATIONS**

The Alpha Communications® RSN7041 Area of Refuge Signs are used with the AlphaRefuge™ 2100 and 2400 Series Area of Refuge systems, and can be used with other manufacturer's ARA systems.

The RSN7041 photo luminescent signs shall come standard with self-stick tape on the back for surface wall mounting, and feature a handicapped symbol to comply with the current building codes. The base material shall be PVC and a non-toxic pigment is added to create the photo luminescent effect.

Typically, one RSN7041 sign would be placed at each "Area of Refuge" location, to identify that location for building visitors and residents, for ARA code compliance.

Contractor shall observe all local and national electrical and building codes.

**RSN7041 AREA OF REFUGE WALL SIGN (ALPHAREFUGE™)**

The Alpha Communications® RSN7041 Area of Rescue Assistance Signs are used with the AlphaRefuge™ 2100 and 2400 Series Area of Refuge systems, and can be used with other manufacturer's ARA systems.

The RSN7041 photo luminescent signs come standard with self-stick tape on the back for surface wall mounting, and features a handicapped symbol to comply with the current building codes. The base material is PVC and a non-toxic pigment is added to create the photo luminescent effect.

**Typically, one RSN7041 sign would be placed at each "Area of Refuge" location, to identify that location for building visitors and residents, for ARA code compliance.**
