- 250% faster processor
- 400% more memory
- 50% more energy efficient
- Supports wireless upgrades to future-proof your home

White/light almond paddles included

* Requires Z-Wave hub or controller, functions may vary depending on brand.

IDEVZ01DW PRODUCT SPECIFICATIONS

Device Configuration

Adding your device to a Z-Wave network

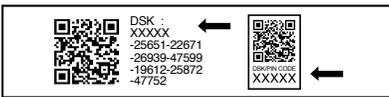

Once the hub is ready to add your smart dimmer, press and release the top or bottom button on the smart dimmer to add it in the network.

To remove and reset the device

Once the controller is ready to remove your device, press and release the top button on the smart dimmer to remove it from the network.

S2 + SmartStart install

The controller's app will indicate if it has discovered the device. If prompted by the controller to enter the S2 security code, refer to the QR code/security number on the side of the box, or the QR code label on the product. Enter the 5-digit code.

To return to factory defaults

Quickly press the ON button 3 times, then press the OFF button 3 times. The LED will flash ON/OFF 5 times when completed successfully.
