· Inline traveler circuit protection

· Z-Wave Plus Certifie

Z-Wave Plus with S2 Security and SmartStart Features

· Improved battery life and up to 50 percent greater wireless range

· QR codes with unique, industry-standard secure key exchange to add a layer of 128-bit encryption

· Effortless device pairing to Z-Wave S2 and SmartStart certified gateways

· Backward compatible with all generations of Z-Wave devices

· 250% faster processor

· 400% more memory

· 50% more energy efficient

· Supports wireless upgrades to future-proof your home

· Supports wireless upgrades to future-proof your home

White/light almond paddles included

Device Configuration
Adding your device to a Z-Wave network

Once the hub is ready to add your smart dimmer, press and release the top or bottom button on the smart dimmer to add it in the network.

To remove and reset the device

Once the controller is ready to remove your device, press and release the top button on the smart dimmer to remove it from the network.

S2 + SmartStart install

The controller's app will indicate if it has discovered the device. If prompted by the controller to enter the S2 security code, refer to the QR code/security number on the side of the box, or the QR code label on the product. Enter the 5-digit code.
